**-Spectator Notes-**

Mrs. James Kirby of Pescadero Road has bought the Woods Building at the corner of Dolores and 7th. Louis Conlan, of Conland and Geisen handled the sale. The seller was Mrs. Malcolm Woods.

Dudley Nix, new manager of the Pine Inn, and ex-manager of Mission Ranch, will take a breather before beginning at Harrison Godwin's establishment. Dudley, Glenn Hurlburt, the pianist and old-time Nix friend, together with Glenn's wife, Dorothy, will go to Mexico City, Acapulco, and other points for about three weeks. Joanne, Dudley's pretty wife, will tend the Nix small-fry and her dancing school in Carmel.

A pilgrim poked his head in our door and we looked up ready to answer any question. Where, he wanted to know, are the famous Gardens of Carmel he had heard so much about? We explained that probably those he had heard talking were referring to the gardens beside Carmel homes. He seemed a little disappointed.

The High School's car has been painted a fine bright gray in honor of school opening, we presume. By the way, that is that car that pinned Chuck Dawson behind the wheel on his trip to San Francisco. It has a hydraulically operated seat adjustment, and the system jammed in the forward position when he tried to move it to fit. He got to San Francisco and drove to the nearest GM garage and shouted, "Get me out of this thing!"

Ted Kuster has lined up good films for his first four programs. They will be Encore, Greatest Show on Earth, Anything Can Happen and My Son John.

The Pete Johnsons are now the proud parents of a baby daughter Marie Elizabeth, born Wednesday. Our counterpart on a contemporary journal, reported some time ago that twins were expected. His spies failed miserably.

But our spy failed us last week too. The Carmel Foundation has NOT bought property in the Highlands as we reported. The organization likes the idea, but it hasn't the money at present.

Carmel was well represented at Stevenson's San Francisco address, Mrs. Jeanne Tucker, Mrs. Paul Low, Mrs. Alfred Mollner and Jim Campbell all made the trip.

Overheard in a shop. Two small girls were telling the lady in charge about their worries connected with the opening of school the next day. These worries centered around who would be in their classes and who the teachers would be. As they left the shop, one turned to say, "Gosh, when you grow up you don't have any worries." We managed a pitiful smile.

C. Edward Graves, of Carmel, is one of "America's Interesting People" in the September issue of The American Magazine. Graves, retired from Humboldt College, is a superb color photographer, whose special interest is recording remote regions of the West with his camera. Fearful that civilization will destroy these natural beauties, he makes pictures of them, sending one of each to the Library of Congress for preservation.

In construction of the new Engineering School buildings at the Navy Postgraduate School, great care has been taken to preserve trees. A playful release from the Navy School states that "Woodman spare that tree" is the battle cry of Rear Admiral Ernest E. Herrmann, superintendent of the school. At any rate, with or without the cry, workmen are boxing the trees that must be moved, for replanting in unused spaces.

**Village Week****CARMEL PARKING LOT IN QUITE A JUMBLE**

The question of a municipal parking lot for Carmel has become somewhat involved. Now the matter is virtually back where it started, so it might be well to recap the brief but heated history so far.

Several years ago the Carmel Business Association, realizing that parking was becoming an increasing problem, named a committee to study the matter. Paul McKinstry was and is chairman of this group. After thorough study the committee decided that a parking lot was the best, though only a partial solution. When it was learned that the M.J. Murphy lot (bounded by Ocean, Mission, Seventh, and Junipero was available, the CBA took an option on the block. The option included all the block except the existing buildings at the corner of Ocean and Mission and a strip along Seventh which Murphy desired to keep for five years for storage.

The CBA then went to the council and offered to turn the option over to the city if the city would finance the purchase. The cost was to be \$117,000. It would park about 140 cars.

The Ocean avenue frontage is extremely valuable potentially, so the council was faced with the possible alternative of buying the property and using it all, or buying it and selling the valuable strip, floating a bond issue for the balance. In any case, the council would accept the responsibility for the full \$117,000.

After discussing ways of financing it, it appeared the best way through general obligation bonds requiring two-thirds majority to pass. It was decided that it would be questionable whether such a bond would pass.

What about the city just buying the center area which would park about 119 cars? The bond issue in this case would be about \$60,000. The city council was told that the option could not be split.

After more discussion the council decided to throw the whole matter back to the Business Association. And that is where the matter now stands.

The Association is now making an attempt to see how far the business district is wil-

**CIVIL SERVICE STARTS ACTION ON PO POSITION**

Wheels are again in motion to name a postmaster for Carmel. Civil Service examiners were in the area this week interviewing townspeople about the applicants.

Six have submitted applications for the position - Alfred Mollner, acting postmaster, Fred Mylar, assistant postmaster, Ernest Bixler, postmaster before Mollner, Fred Strong and Andrew M. Starr post office employees, and Melvin Taylor, now in Korea.

No indication was given as to when a postmaster will be named, but it can be assumed that it will be after November 4th.

Politics being what they are these days, we offer pictures of leading spirits of two major parties. Above, Will Hayes, Democratic candidate for Congress from this district is shown on Fisherman's Wharf with Don Mantaro during the Fishermen's Festival. Below, Peggy Marquand, obviously an Ike booster, gives a friendly pat to "Mamie," a San Francisco area elephant. As everyone knows all elephants are Republican, at least they ought to be.

## SCHOOL REGISTRATION SHOWS BIG INCREASE

Carmel's school population took quite a jump this year - especially in the High School - and surprised the teachers. The total last year was about 831 and this year it will be over 900.

Because some pupils register later, the total figures are not available, although they are expected within ten days or two weeks.

The residence information on primary school students is not expected until registration is completed, so the school board will not make any decision on construction until this information is in. The board expects to construct some primary classrooms during the coming year. It is probable that the Woods School will be completed. But if registration from the south end of town is heavier than expected, the board may decide to start construction on the proposed River School in the Mission Tract.

The total registrations this year are Woods 153; Sunset 413, up 5; and the High School 336, up 56.

## WATER COMPANY RATE HEARINGS COMPLETED

The Public Utilities Commission's hearings on the rate increase by the California Water and Telephone Company are finished. It is apparent that the CT&T will get an increase, but not as much as it wanted.

The company has requested a 43% rate hike which will add about \$335,000 to its annual revenue. The PUC representatives at the hearings examined carefully the water company's figures brought in as evidence. Some were thrown out as not pertinent, indicating that the PUC will shave the requested increase where possible.

The final decision by the PUC will not be forthcoming for several months probably. Results of the hearings will have to be studied by the commission staff as well as the commission itself before the final results are known.

## REALTY BOARD OFFICE

The Carmel Board of Realtors has opened a central office this week to handle the board's listing service and other business. Dorothy Chalmers will be in charge of the office which is in the Conlan and Geisen building at the corner of Ocean and Monte Verde.

## COMMUNITY CHEST OPENS CARMEL OFFICE

Completion of the roster of chairmen in the different Peninsula areas for the forthcoming Community Chest Fund-raising Campaign is announced by Mrs. W.R. Holman, co-chairman for the entire drive.

The latest appointment is of Mrs. Charles Drake for Carmel Highlands.

Chairmen of all areas continue busily enlisting volunteer solicitors for the campaign, and in all cases urge community-minded residents in their areas to offer their services for a relatively few hours to make the Chest's campaign a success.

Chairmen and their phone numbers for the Carmel area are; Monterey Peninsula Country Club, Gen. Frank L. Culin, 2-2416; Pebble Beach, Mrs. J. Hampton Hoge, 2-1025; Carmel Highlands, Mrs. Chase Drake, 7-7289; Carmel Valley, Mrs. Paul Porter, 9573 or Mrs. Edward Marcucci, 7-3551.

The Carmel chairmen are Capt. Archer M.R. Allen, 7-6887, Harold Nielson, 7-6441, and Mrs. Robert McDonald 7-4157.

Branch Community Chest offices have already been opened for the campaign's duration. The Carmel office is in the Pacific Gas and Electric building, phone 7-4560, with Mrs. Julian von Meier in charge. Answers to all questions about the Chest and its campaign can be answered there. Contributions before and during the campaign will be

accepted there.

Total sum sought in the Chest's campaign this year is \$80,217, larger than ever before because of the increased need for the services of the 17 social and welfare agencies for which the Chest raises funds. This sum was approved only after exhaustive analysis by the Chest's budget committee of the proposed budgets for each of the 17 agencies.

## "TOWN HOUSE" PLANS DISCUSSED AT MEETING

Plans for the "Town House" of the Carmel Foundation were discussed yesterday. The Town House, located on Lincoln street, will serve as a meeting place for older Carmel citizens.

Having just taken over the house, the Foundation is now in the process of making it ready for use. The activities there will include card playing, listening to music, drawing and painting and just talking.

## CONVENTION HALL IN SAN CARLOS OPENED

The San Carlos Hotel has finished its new ball-convention room capable of handling 500 diners or 1,500 dancers. Designed by Carmel Architect Tom Elston, the room is expected to serve conventions held on the Peninsula.

An all-female cast will open tonight in the Forest Theater Guild's production of "The Women" by Clare Boothe. Two scenes from the show, directed by Cole Weston, depict a Reno hotel setting with (left to right) Bee Mouser as Countess de Lage, Betty Fowlston as Sylvia, Eileen McDermott as Peggy, Ruth Mc

Elroy as Lucy and Suzanne Armstrong as Miriam. In the right-hand picture, Bee Mouser (right) as the countess expounds on her favorite subject "love", to Betty Fowlston while Suzanne Armstrong, as the honest gold-digger Miriam, listens in.

### "THE WOMEN" OPENS TONIGHT AT FOREST

"Where love leads, I always follow," says the Countess and for the women in "The Women" love leads some very funny places. Clare Boothe's rough and ready comedy opens tonight at the Forest Theatre tracing the course of true and not so true love from New York to Reno and back, dipping into bathrooms, powder rooms and dressing rooms along the way.

Beauty, passions and salacious wit take precedence in the current Forest Theatre Guild production displayed by Barbara Norberg as the charm-

ing Mary, Bee Mouser as the giddy Countess, Betty Fowlston as the acid Sylvia and Naomi Teder as the careless advisor, Edith. And Ruth Mc Elroy as the cowgirl chambermaid is alone worth the admission.

Some other prominent members of the cast of forty-three women and no men, include Lucille Keister as Mrs. Wagstaff, Mrs. Flora Watson as a dowager, Arlene Tewi as a debutante, Chase Drake as a society woman and Francis Brewer as Cook Maggie.

The full import of the comedy is brought out by the direction of Cole Weston, ably

assisted in the backstage labors involved in eleven scenes by Dolf Tewes, Jack Hilgers, Victor Vellisaratos, Mitty Tobiesson, Michael Franke, Louise Marshall, Dorothy Hall and Pat Hall.

A special table for the sale of tickets is located in front of the Bank of Carmel mornings and afternoons. Tickets may also be purchased at Kreisler's in Carmel and at Abinante's in Monterey, and, of course, at the box office performance nights. The tickets are priced \$1.80, 1.50 and 1.20 tax included.

"The Women" will play Friday, Saturday and Sunday nights for two weekends only.

### 'WAY DOWN EAST' ENDS RUN AT FIRST THEATER

"Way Down East" is ready for its final curtain at the First Theatre, Monterey, its final performances being played tonight and tomorrow night.

"Camille" opens one week from tonight, Friday, September 19, at California's First Theatre, State Monument, Monterey. The famous play based on "La Dame aux Camélias" by Alexander Dumas fils, is directed by Lydia Markow, an actress of distinction and wide experience. For ten years she played leading roles in the Alexandrinsky Theatre, Petrograd, (now Leningrad), directed in Germany, and is at present living in Monterey where her husband, the well-known Russian poet, Vladimir Markow, is an instructor in Russian at the Army Language School.

Sue Lowry will appear as Marguerite Gautier, the beautiful French courtesan, whose tragic life has held the stage for more than three-quarters of a century. Said Riza plays the lover, Armand, the part in which Edwin Booth in 1855 co-starred with the English-born Jean Margaret Davenport as Camille.

A scintillating French Revue, emceed by Bruce Lowry, will make the "Camille" olio. Ravishing costumes are

being made by Rhoda Johnson, settings are being painted by Erica Franke, lighting is by Kay Knudsen, Richard Johnson is stage technician, Eleanor Kidwell is pianist, Shirley Rennie is in charge of props. The Denny-Watrous management produces "Camille."

### PALO ALTO INVITES HOLLET BALLET TROUPE

Una Hollet, whose European School of Ballet gave a well received Dance Festival here

last Friday, has been invited to repeat the performance on September 20 at the Palo Alto Civic Center. This is a municipally operated organization similar to the Carmel Youth Center. Mrs. Hollet's troupe will present a program identical to the one given here.

### U.S. MARINE BAND COMING IN OCTOBER

This Sunday the colorful United States Marine Band,

oldest military musical symphonic organization in the country, will begin a 10-week 10,000 mile transcontinental tour which includes two concerts at Monterey Friday, October 17, at the spacious Fort Ord Soldiers' Club.

All proceeds of the Monterey concerts, sponsored by Monterey Kiwanis Club, will be used for underprivileged children and Kiwanis youth welfare work, Albert F. Randolph, Kiwanis president stated.

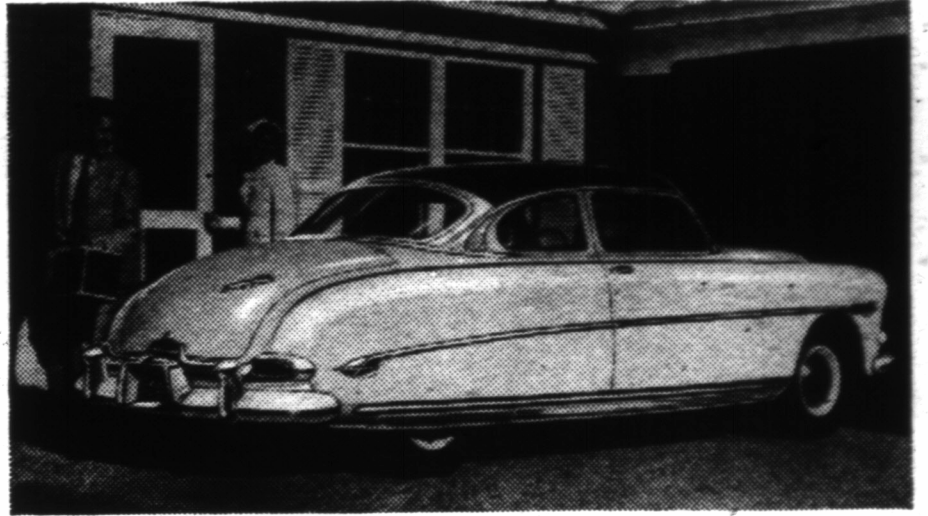

The afternoon concerts,

beginning at 2 p.m., are at a substantially reduced price for students and service personnel in uniform, Randolph stated, in order to permit the largest possible number of children and servicemen to hear the world famous band. The evening concert will begin at 8 p.m. Only other Northern California concerts are at Modesto and Santa Barbara.

### HUDSON HORNETS SET ALL-TIME STOCK-CAR RECORD!

In 39 stock-car races held so far this year, Hudson came in first 35 times, and both first and second 19 times in these cities:

West Palm Beach, Fla.	San Diego, Calif.
Daytona Beach, Fla.	Oconeechee, N. C.
Jacksonville, Fla.	Charlotte, N. C.
Gardena, Calif.	Detroit, Mich.
N. Wilkesboro, N. C.	Niagara Falls, Ont.

Langhorne, Pa.	South Bend, Ind.
Darlington, S. C.	Richmond, Va.
Toledo, Ohio	Rochester, N. Y.
Dayton, Ohio	Asheville, N. C.
Canfield, Ohio	Terre Haute, Ind.

No other car in the world can match this record!

Standard trim and other specifications and accessories subject to change without notice.

### Unbiased tests on the world's toughest proving grounds help you choose your family car!

ALL makes of cars compete in stock-car races. And in these grueling tests of stamina, safety and performance, only results count. That's why, when you look at the stock-car record, you know which car is best.

To date this year, Hudsons have won 35 out of 39 stock-car races—an all-time record!

How does this help you choose your family car? Well, consider this:

● It proves that Hudson's exclusive "step-down" design (with America's lowest center of gravity) gives you road-hugging stability and sureness of handling no other car can match!

● It proves that Hudson's Monobilt body-and-frame\* is the safest, most

durable automobile construction known!

● It proves that Hudson's high-compression engines deliver tremendous power, that Hudsons have the stamina to take punishment equal to 50,000 miles of ordinary driving in tests where other cars fail.

All these important qualities are yours in a Hudson . . . for your pleasure, for your pride, for your protection. There's sleek, streamlined beauty, too, and you don't have to look at the record to see that.

Stop in and try a Hudson, or give us a phone call and we'll pick you up at your door. You've got a real thrill in store.

### SPORTSMENS' CLUBHOUSE CONSTRUCTION STARTED

Construction work on the new Carmel Associated Sportsmen, Inc., clubhouse in Carmel Valley was started last Sunday under the able direction of Walt Steufloten. The floor was laid, walls erected and roof started by one group of club workers while others painted targets, dug pits, and built other club facilities. Plans for the October 5 barbecue were discussed during rest periods.

The next regular meeting will be held Monday Sept. 15 in the Carmel High School Library at 8 p.m. The time has been advanced from Thursday to give club members ample time to prepare for the opening of the High Sierra deer season.

It opens Saturday, Sept. 20 one half hour before Sunrise. President Hal Boyd and Vice-President Dr. G. Ridgely Parker will leave for the wilds of Trinity County Wednesday.

Proving that the older cars were "built to last," Mr. and Mrs. Everett L. Millard of Chicago are now visiting in Carmel after having driven their 1920 Cunningham out from the family home in Chicago. The Millards are visiting his brother, Malcolm, in Carmel Highlands. Most of their vacation is being spent in a cabin at Big Sur where Millard is reconstructing the score of a piano concerto by Johann Christian Bach, and Mrs. Millard is busy painting.

HARRIET DUNCAN

From where I sit ... by Joe Marsh

### Narrow Town— Broad Outlook

The wife's cousin Ben, and Belle his bride are back from honeymooning in the Rockies. Took them to dinner last night at the Garden Tavern. Ben told about the trip:

"Went through a town in Idaho that was only 100 feet wide. No kidding! Built into a long, narrow canyon. And it shares those 100 feet with a railroad track that runs right through the hotel!"

"To get gas there we had to park right on the tracks. Suddenly Belle screams—'there's a train coming!' But the gas fellow just laughs and says we were there

first. Blamed if the engineer didn't stop the train and wait, too!"

From where I sit, it's a good illustration of how people can learn to "think of the other fellow" so that the community benefits. Railroaders and townspeople, Democrats and Republicans, malted milk fanciers and those who prefer a temperate glass of beer—we all have to share the same space. Let's maintain our neighbor's "right of way."

Dorothy van Meier, in the seven years she has been a Carmel resident, has become one of the community's active leaders. Her interest in children and education is the basis for varied and useful undertakings.

Born in Berkeley, she went through schools there including art school after high school. The art school taught applied arts and crafts - interior decoration and commercial art. But the first practice she had at her new skills was decorating a home for herself and her husband when they were married in 1930.

Some 15 years later, in 1945, her husband sold his bay area business and the van Meiers came to Carmel for Easter vacation. Carmel houses interested them, so they started spending time looking them over. Following the accepted tradition, they found one they liked and promptly decided to move to Carmel.

The house was built by Charles Sayers, the well-known

woodworker. Besides containing a lot of Sayers' work, the home struck them as typical of Carmel - including iron work by Francis Whitaker.

Immediately after getting settled, Dorothy "couldn't resist" joining the PTA - she had been a president of the Berkeley PTA. She held various offices in the local group until 1948 when she was elected president.

Her interest in school affairs led her to run successfully for the school board last spring. She is now clerk.

In the meantime she has found time to play an active part in the League of Women Voters, Republican Women of the Carmel Area, Community Center Auxiliary, San Francisco Ballet Guild, Recreation Commission, Church of the Wayfarer, as well as Peninsula and District PTA groups.

At present Dorothy is secretary for the Carmel Drive of

the Community Chest which starts next month.

The van Meier children are Kathie, 20, who is married and lives in Alameda. She has a daughter two years old. Kurt, 18, is a scholarship student at MPC this year. And Karen, 16, is a senior at Carmel High School.

As for relaxation, when there is time for it, Dorothy gardens and paints. Although she has little time for such pursuits, she doesn't regret it in the least. "In such a small community, I think it's necessary for people to work to get things done," she says. And Carmel is fortunate to have such workers who are interested in seeing the community improved.

Karen von Meier plays chess with her mother, while Kurt, who made the beautiful chessmen, looks on, in the photo at the top of the page.

MORSE CUP MATCHES  
HERE NEXT WEEKEND

The country's leading amateur golfers will make up the two eight-man teams, one from the Pacific Northwest and one from California, who will meet at Cypress Point Saturday and Sunday, September 20 and 21, in the Morse Cup Team Matches.

Two-Ball Scotch Four-

somes will be played at one o'clock Saturday, and on Sunday, Singles Teams will play at one o'clock.

Jack Westland, 1952 United States Golf Association Champion, will head the Pacific Northwest Team. Other team members are Forest Watson, Al Mengart, Bill Mawhinney, Walter McElroy, Eddie Draper, Harry Givan, Bruce Cudd, and Dick Yost.

Playing from California will be Chapin Hunt, John Dawson, Dr. F.A. Taylor, Bruce McCormick and Jim Ferrie.

LEGION TURKEY SHOOT  
OCTOBER 5 AT SALINAS

Northern California's best known Turkey Shoot, which annually attracts top marksmen from all over the state, this year will be held Sunday, October 5, at Tarpey Flats, three miles east of Monterey on the Salinas Highway. Entrance is free.

Last year nearly 6,000 participants attended the shoot which has become one of Northern California's most popular sports events. A committee of 50 Legionaires handles the various features of the important event with dispatch. Shooting starts early and lasts as long as the marksmen can see.

### VETERANS' REIMBURSEMENTS CAN BE WAIVED

Many World War II veterans are still being billed by the armed services for overpayments of family allowances and other allotments which turn up in audits of their war-time pay accounts, Claude S. Estill, veterans' service officer, reported this week.

At the same time he pointed out that veterans charged for overpayments can appeal for waiver if they are unable to make reimbursement.

There is no time limit on collection of debts owed to the U.S. government, the service officer noted. But he explained that the armed services have statutory authority under which a serviceman may be relieved of an indebtedness, without regard to the type of pay or allowance involved.

'The Army's stated policy is to give full consideration to a request for relief from repayment when evidence is pre-

sented to show that collection would be inequitable or cause hardship," Estill said.

Further information and assistance is available at 465 Pacific street, Monterey.

Rarely have automobile makers been able to combine big car comfort with small car economy and convenience with as much grace as in the Morris Minor. A comfortable "big car" ride is given through a well-engineered spring system. Superb brakes and amazingly light steering are notable assets.

The Morris meets old fashioned standards of economy - truly low and low operation costs - yet give the owner everything desired in a modern motor car.

Royal indeed is the name MG in the sports car world. Without question it is the most widely known and raced car - known both for the driving pleasure it gives as well as the countless wins and records to its credit.

Combining exceptional road holding, cornering and acceleration qualities with rugged stamina, the MG is equally pleasant around town, on trips, or in competition. You have to drive it to feel the qualities a sports car offers.

4 - FIRST DAY OF autumn semester brought some qualms evidently, to this group of eighth-graders. They were caught by the cameraman while wondering where to go and what to do at Carmel High School which houses their grade.

5 - PETER GLOD, a newcomer to the Carmel Woods School faculty, teaches the fifth grade, which has just been added there. As it is housed in the not-quite finished addition, his class pitched into the task of unpacking supplies. Mrs. R. T. Woods, PTA room mother for the fifth grade, helped matters by presenting Glod with the flowers and vase.

6 - ELEMENTARY PUPILS of Santa Catalina School for Girls are quartered in this nearly-completed wing, an addition to the main classroom building, which forms the third side of the campus group.

7 - OPENING DAY was obviously more fun for vacation weary mothers than anyone else. At Sunset School cafeteria they gathered for coffee and cookies, once their darlings had been conveyed back to class. Accompanied by her son John, Mrs. O. W. Goepner has her cup filled by Mrs. Malcolm Foster, PTA president. Looking on are Mrs. Adrienne Engle (left) and Mrs. Harry Hilbert.

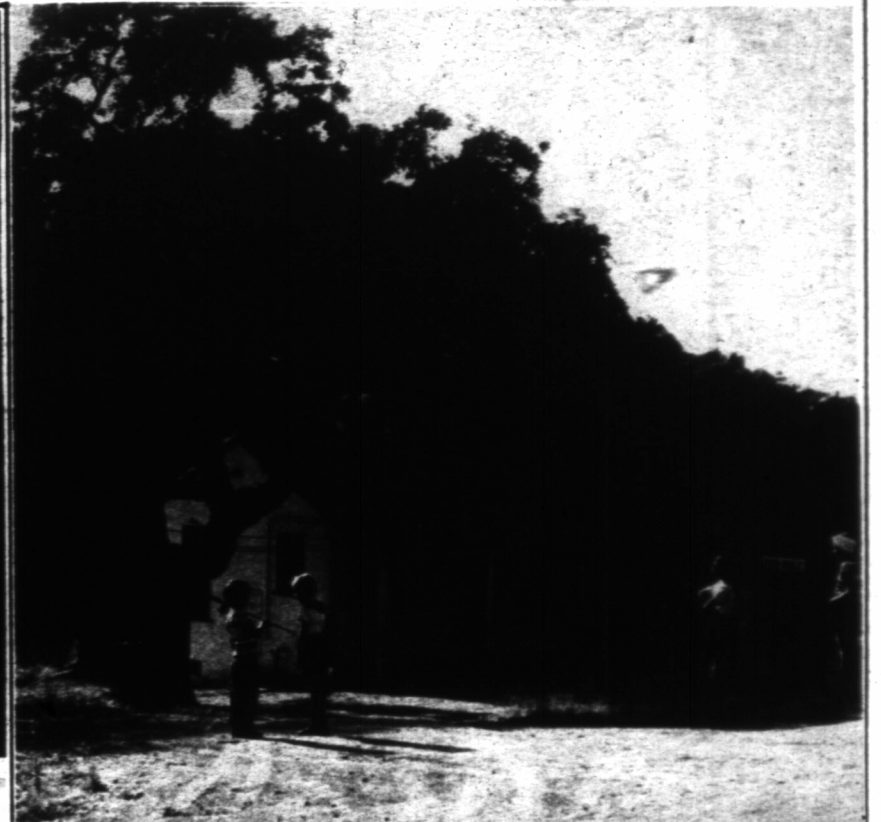

8 - THE TULARCITOS School, now up for sale, has been out-paced by the growth of the Valley's pupil population. It is expected that the old building will be used until January when the new building will be ready for occupancy.

## working for a better California

1852—P. G. and E. began as the tiny San Francisco Gas Company

1952—P. G. and E. is nation's most extensive gas-electric system

On August 31, 1852, P. G. and E. was born as the San Francisco Gas Company . . . and soon brought the first gas lights to the West.

The pleasantest memories of our first century are those of helping Californians live better year after year. In homes, in factories and on farms, new and increased

uses for low-cost gas and electricity have helped people live more comfortably, produce more efficiently.

During the years to come, too, you can count on P. G. and E. services doing even more of your work . . . and bringing you even more comforts and conveniences at bargain rates.

**W**E'LL tell you the answer to that one — it's the figures on the price tag.

For some reason, lots of people just can't believe they can buy a Buick at a price so close to "the low-priced three."

Maybe it's because a Buick seems so much better and bigger.

Maybe it's because they think Buick has so much more power and room—which is true.

Maybe it is because so many distinguished people own Buicks—which is also a fact.

But the fact remains—if you can afford a new car, you can own a Buick — so let's see what you get.

You get the thrilling power of a Fireball 8 Engine, that's a gas-saving high-compression valve-in-head—as much power as you can get in cars costing \$300 to \$400 more.

You get as much room as you'll get in cars costing hundreds of dollars more.

You get a ride that cost an honest-to-goodness million dollars to develop.

You get the silken smoothness of Dynaflo Drive.\*

You get big-car comfort, styling, durability.

## BEEF BRAHMAN AT GRAND NATIONAL

A famous herd of Beef-type Brahman cattle will be on exhibition at the 1952 Grand National Livestock Exposition, Horse Show and Rodeo, it was announced today by Nye Wilson, secretary-manager of the San Francisco Cow Palace.

The Grand National, mighty combination of livestock exposition, World Championship Competition, national full-division horse show, National and Pacific Coast Cutting Horse Association Championship Finals, and several famous arena specialty acts, will be held in the Cow Palace Oct. 31 to Nov. 9.

Headline attraction of this year's Grand National Arena Show will be the Royal Canadian Mounted Police Musical Ride, conceded to be the most spectacular and popular mounted drill troop in the world.

Because Brahman cattle are still largely an experiment on the Pacific Coast there are no regular competition sections for them in the Grand National. However, in order to permit Far-Western producers to look over the breed, Wilson arranged for the famous J. D. Hudgins herd of Beef-type Brahman from Hungerford, Texas, to be on display in the beef barns during the Cow Palace exposition. They will be on exhibition but not in competition, Wilson said.

The Hudgins exhibition herd will consist of ten animals, eight of which will be purebred Beef-type Brahman, and two cross-bred steers, one Brahman-Hereford and one Brahman-Angus.

## RESERVISTS ELIGIBLE FOR ARMY INSURANCE

National Guardsmen and members of other military reserve units who go on active duty now have the immediate benefit of several U.S. insurance and indemnity rights--even if they are engaged only in two-week summer training tours, Clyde Estill, Veterans' Officer, pointed out today.

Federal indemnity and insurance laws entitle reservists to automatic free \$10,000 indemnity coverage during the tour of duty, and the privilege of reinstating government term insurance within 120 days after service ends, if the term policy should lapse during the active duty period.

Estill stressed the fact that \$10,000 free indemnity coverage exists only for the actual period of active duty if the reservist's tour is less than 30 days long.

## Education

### ADULT SCHOOL BEGINS ON MONDAY

The fall semester of the Carmel Adult school will begin next Monday, September 15. In addition to the many fine instructors who have previously taught in the program, there are three new instructors. Mrs. Sylvia Crosby will teach shorthand and typing; Mrs. Marilyn Bradford will lead the Great Books I discussion group and Mrs. Catherine Christopher will teach a class in Creative Writing as soon as sufficient people are signed up for such a course. Mrs. Christopher has written numerous magazine articles and is known as the author of the children's book "Reginald and the Aloha Pig." She has also had magazine and radio experience.

A schedule of classes is being mailed to everyone in the Carmel area. The Mothersingers listed on the schedule will meet on Tuesday night instead of Wednesday night. Additional schedules and information may be obtained by phoning the evening school office at 7-3020 Monday thru Thursday after seven o'clock.

### MPC ANNUAL BARBECUE HELD NEXT THURSDAY

The traditional college barbecue for entering freshmen will be held on the college football field Thursday, September 18, at 6 p.m., according to Mrs. Marjorie Marshall, dean of women and general chairman of the event.

The barbecue will be followed by a "Howdy Dance" in the Student Union. Both in-

formal affairs are arranged by the social committee of the school. This consists of the student social commissioner, Nora Kneass, and the presidents of all of the student clubs.

### FIRST PTA MEETING NEXT WEDNESDAY

The Carmel PTA will open its season of meetings on Wednesday, Sept. 17, with a most interesting and important speaker, Mrs. William B. McKesson. Mrs. McKesson is state program chairman for the California Congress of Parents and Teachers. In the 22 years she has been a member of PTA, she has held most of the offices in her home town PTA of San Marino, and has been legislative advocate for the State Congress. This vast experience enables her to give advice of incalculable value to local PTA's in planning programs of interest to all parents and teachers. Carmel is fortunate in securing her to speak at its first meeting. "Your Child Needs the PTA" is the topic of her speech in which she will discuss the power and prestige of the PTA on the state and national levels.

Tea and coffee will be served in the Sunset Cafeteria at 3 p.m., with Sup-

erintendent of School Stuart Mitchell and Sunset Principal Arthur Hull pouring. The regular meeting will follow immediately.

Memberships will be invited at this time and all parents and teachers are urged to enroll.

The council at the same time is considering the improvement of Junipero street to make parking available. It is possible to park 250 cars on that street along the five central blocks. Smaller lots scattered in the business district are also being considered by the council.

The Business Association at its meeting next Wednesday will undoubtedly take some definite stand on the matter and thus decide the fate of the Murphy block as a city parking lot.

## The Amateur Gardener

GARDENING FOR HEALTH AND HAPPINESS  
By CHARLES W. DELANEY

Soil, to be fertile for plant growth, must contain humus. Humus is decayed and decomposed plant material, especially dead leaves. The gardeners make humus by building a compost pile. This material holds moisture and air in the soil and replaces the food taken from it by growth of plants. It is equal in value to the use of banyard fertilizer and will keep the soil fertile and productive.

### MAKING COMPOST PILES

Select a suitable location out of the way—it may be screened by plants or a fence. It may be 5 or 10 feet square depending upon the size of your garden.

Pile evenly over the area all dead leaves, grass clippings, sod, kitchen wastes such as melon rinds, beet and carrot tops, potato peelings, debris from ash trays, but do not put in wood, branches, twigs or metal objects.

Build this layer to six inches depth, then barely cover with soil, just enough to cover the leaves. You may add some clean wood ashes from the fireplace. Some banyard fertilizer or one of the commercial fertilizers may be added scattered thinly over the surface.

Then start another layer of leaves and debris until it is 12 or 14 inches deep. The pile should be kept moist to encourage decay. If this compost pile is turned over with a pitch fork every 6 to 8 weeks, it aid the decomposing and mellowing process. After turning, water generously, the bacteria and molds in the soil must have moisture to digest the vegetable materials. In 3 to 6 months, the compost is ready to use. A good compost is rich and dark in color, light and friable in texture, sweet smelling and, soft and moist to the touch.

It is used in planting on lawns, in flower beds, for

potted plants, mixing it with commercial fertilizer in flower beds. It is safe to use as a mulch for any plant in the garden.

Never burn leaves or have them hauled away. Make a compost pile. Compost is the same as leaf mold, one of the most valuable soil conditioners. There is no cost, other than the work of making the pile.

There is on the market a material that may be added to hasten the composting, but a little watering and turning will accomplish the same result.

Naturally, one should never put any diseased plants or leaves in the compost pile—they should be burned.

Banyard manure is becoming scarce and costly and hence it is wise to use the products of our own garden. We can get satisfactory results by using a commercial fertilizer to speed up growth, but humus in the soil will always be a necessity. It is the way Nature does it, but she is not in such a hurry and time is on her side.

### TIME TO PLANT:

Now is the time to plant Tatra Snapdragon, Delphinium, Pansies and Stock. These flower seeds may be planted for Spring flowers. Vegetables to be planted now include lettuce, carrots, cabbage, broccoli, endive and beets. These are good winter crops if planted now. Keep old flowers picked off and be sure to water your garden.

## OLD FRIENDS MEET IN CARMEL VALLEY

AN UNEXPECTED AND happy reunion took place at Los Laureles Lodge this week when Harrison L. Alper of San Carlos and Mrs. Richard Gross of San Francisco both vacationed there. Mrs. Gross is on the Advisory Board of Guide Dogs for the Blind, Inc. and, a year and a half ago, she presented Mr. Alper with his guide dog, Nanka. Mr. Alper will come to Carmel in the near future to lecture to several local organizations, including the Lions Club.
